For Yara International ASA, Norway
Product of The Netherlands
F1106

Use in accordance with recommendations of a qualified individual or institution such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

Not a DOT regulated product 49 CFR 172.102. Special provision 34 specifically removes the calcium nitrate double salt (calcium nitrate and ammonium nitrate) from the hazardous materials table 49 CFR 172.101.

There are no implied warranties of merchantability or fitness with respect to these products, nor are there any expressed warranties other than as may be contained in any guaranteed analysis that may accompany the product. Buyer assumes all risk to person and property in the use, handling or storage of the product. Seller's liability is limited to the full amount of the purchase price, with the waiver of any incidental or consequential damages being an expressed provision of this sale.

Mineral fertilizers are inorganic salts or mixtures of salts. By their nature, fertilizer salts may be irritating to the skin and eyes. Precautions should be taken to prevent eye contact and minimize skin contact. Fertilizer dusts are considered nuisance-type dusts. Inhalation of nuisance dusts may induce or aggravate respiratory discomfort. Use a properly fitted, particulate filter respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Danger.
Harmful if swallowed. Causes serious eye damage.
