**Sorghum:** 6 to 8 quarts/ton

**Wheat:** 3 to 6 quarts/ton

Extended recommendations available at [www.yara.us](http://www.yara.us)

## **ALWAYS FOLLOW THESE LABEL INSTRUCTIONS.**

Mix the product thoroughly before use. Care should be taken to calibrate the machine accurately, to obtain an evenly applied correct dosage.

### **DIRECTION OF USE**

Mix the product thoroughly before use and continue mixing during application. Care should be taken to calibrate the machine accurately, to obtain an evenly applied correct dosage. Product application to most seed is enhanced by dilution with water; typically addition of 25-35% water based on the recommended product rate will achieve good coverage but this can be varied according to the moisture content of the grain and the equipment used. This product can be used as part of a typical seed treatment slurry in combination with compatible agrochemicals. In such cases this product can replace part of the water used to prepare the slurry in order to maintain the overall volume of slurry applied.

### **TANK MIXING/CO-APPLICATION**

Read ALL labels carefully and adhere strictly to the instructions for use. Co-application is entirely at the risk of the end-user. Before co-application of products you, or your advisor, must visit [www.tankmix.com](http://www.tankmix.com) for important information. Alternatively, contact Yara for specific advice.

### **PRECAUTIONS**

Wear suitable gloves and face shield when handling this product. Clean all equipment before and after use. Please refer to the SDS for further information, available at [www.yara.com](http://www.yara.com)

### **STORAGE**

Keep in a cool, dry chemical store, out of reach of children and livestock. Protect from frost and other climatic extremes. (temperatures exceeding 100°F) Dispose of contents and container in accordance with all local, regional, national and international regulations.

### **CONDITIONS OF SALE**

This Product is sold subject to the seller's Terms and Conditions of Sale, which are available upon request. Use of the Product is acceptance by the buyer of the Terms and Conditions of Sale.
